Dave,
I apologize for not getting back to you sooner; I have been in and out of the office since Friday. I am still looking into DOI procedures and appreciate the information you sent last week. I hope to speak to DOI congressional liaison and subsequently some of their policy people prior to the holiday break. I will certainly keep you apprised of any movement.

Keith

Keith Cassidy
Legislative Assistant
Office of Senator George Allen
(202) 224-4024

Keith,

I've left a couple of voice messages about getting the VCDL's petition for rule making amended CFR 36, Regulation 2.4 published in the next federal register. We really need Senator Allen's help with this to get the Department of the Interior to stop stonewalling us.

DOI has had 9 months, 3 weeks to address this and there's no legitimate reason for this or further delay. Please contact me as time permits.
